Re: Proposal for Completion of LWRP Update

Dear Ms. Glenn,

To follow up on our recent correspondence with your staff on updates and revisions to the Newburgh LWRP, we propose to assist the City of Newburgh with the following scope of work:

1. Revise LWRP Sections 2 and 5 to incorporate the City's zoning update adopted in 2015. This update will include a revised description of zoning in the LWRP area and a revised zoning map.
2. In coordination with the City Planning Department and Conservation Advisory Council, undertake a comprehensive review of LWRP Section 4 to determine which projects proposed in the July 2014 Draft LWRP remain relevant, and whether any projects need to be amended, removed or added.
3. Complete any other necessary minor revisions which may be necessary to reflect current conditions in the City and incorporate changes since July 2014.
4. Compile a complete Draft LWRP and accompanying SEQR documentation (expanded EAF) for consideration of acceptance by the City Council.
5. Upon City Council acceptance, assist in submission of the Draft LWRP to the New York State Department of State (NYDOS) for the required 65-day review.
6. Upon receipt of comments from NYSDOS, complete one round of revisions to incorporate the comments.

After our completion of revisions to incorporate NYSDOS comments, the City Planning Department would be in position to submit the Final Draft LWRP to the NYSDOS for acceptance and to the City Council for adoption.

We propose to complete the above scope of work within eight months, which includes the mandated 65-day review period by the NYSDOS. We would bill on a time and expense basis against the attached rates, for a total budget not to exceed \$35,000. The scope would include a kickoff meeting with City Planning Department staff, one public information session and a total of four meetings with the Conservation Advisory Council, as follows:

- Meeting #1: Kickoff to review changes since July 2014 Draft LWRP and discuss potential changes to Section 4 (projects).

40 Benkard Avenue, City of Newburgh (45-3-10)

STANDARD TERMS:

1. City of Newburgh acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water and sewer assessments are the responsibility of the purchaser, whether they are received or not; (d) easements, covenants, conditions and rights-of-way of record existing at the time of the levy of the tax, the non-payment of which resulted in the tax sale in which City of Newburgh acquired title; and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the date of sale.
4. The properties are sold subject to unpaid school taxes for the tax year of 2015-2016, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. The purchaser shall reimburse the City for any school taxes paid by the City for the tax year 2015-2016, and subsequent levies up to the date of the closing. Upon the closing, the properties shall become subject to taxation. Water and sewer charges and sanitation fees will be paid by the City to the date of closing except that where the water meter reading nets a usage to the purchaser of less than 6 units for the quarterly bill, the purchaser shall be responsible for a minimum water and sewer bill of 6 units.
5. **WARNING: FAILURE TO COMPLY WITH THE TERMS OF THIS PARAGRAPH MAY RESULT IN YOUR LOSS OF THE PROPERTY AFTER PURCHASE.** The deed will contain provisions stating that the purchaser is required to rehabilitate any building on the property and bring it into compliance with all State, County and Local standards for occupancy within (18) months of the date of the deed. Within such eighteen (18) month time period the purchaser must either: obtain a Certificate of Occupancy for all buildings on the property; make all buildings granted a Certificate of Occupancy before the date of purchase fit for the use stated in such Certificate of Occupancy; or demolish such buildings. The deed shall require the purchaser to schedule an inspection by City officials at or before the end of the eighteen (18) month period. If the purchaser has not complied with the deed provisions regarding rehabilitation of the property and obtained a Certificate of Occupancy or Certificate of Compliance by that time, then the title to the property shall revert to the City of Newburgh. The deed shall also provide that the property shall not be conveyed to any other person before a Certificate of Occupancy or Certificate of Compliance is issued. A written request made to the City Manager for an extension of the eighteen (18) month rehabilitation period shall be accompanied by a non-refundable fee of \$250.00 per parcel for which a request is submitted. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to rehabilitate of up to, but not to exceed, three (3) months. Any additional request thereafter shall be made in writing and placed before the City Council for their consideration.
6. Notice is hereby given that the property lies within the East End Historic District as designated upon the zoning or tax map. be required to register the property and remit the rental license fee. It is the sole responsibility of the purchaser to redevelop such parcel in accordance with same.

8. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date upon which the sale is scheduled to take place. Upon delivery of the quitclaim deed by the City of Newburgh to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
9. No personal property is included in the sale of any of the parcels owned by City of Newburgh, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
10. The City makes no representation, express or implied, as to the condition of any property, warranty of title, or as to the suitability of any for any particular use or occupancy. Property may contain paint or other similar surface coating material containing lead. Purchaser shall be responsible for the correction of such conditions when required by applicable law. Property also may contain other environmental hazards. Purchaser shall be responsible for ascertaining and investigating such conditions prior to bidding. Purchaser shall be responsible for investigating and ascertaining from the City Building Inspector's records the legal permitted use of any property prior to closing. Purchaser acknowledges receivership of the pamphlet entitled "Protecting Your Family from Lead in Your Home." Purchaser also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards or mold.
11. The entire purchase price and all closing costs/fees must be paid by money order or guaranteed funds to the City of Newburgh Comptroller's Office on or before July 25, 2016. *The City of Newburgh does not accept credit card payments for the purchase price and closing costs/fees. The City is not required to send notice of acceptance or any other notice to a purchaser.* At closing, purchaser, as grantee, may take title as a natural person or as an entity wherein purchaser is an officer or managing member of said entity. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to close title of up to, but not to exceed, sixty (60) additional days. No request shall be entertained unless in writing, stating the reasons therefor, and unless accompanied by a fee of \$250.00 per parcel for which a request is submitted. The fee shall be in addition to all other fees and deposits and shall not be credited against the purchase price and shall not be returnable. Any additional request made thereafter shall be made in writing and placed before the City Council for their consideration.
12. In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the successful bidder shall be entitled only to a refund of the purchase money paid with interest. Purchaser agrees that he shall not be entitled to special or consequential damages, attorney's fees, reimbursement for any expenses incurred as a result of ownership, improvements of property, or for taxes paid during period of ownership, and this agreement by the purchaser is a material condition of the sale.
13. Sale shall be final, absolute and without recourse once title has closed and the deed has been recorded. In no event, shall City of Newburgh be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, his heirs, successors or assigns, against City of Newburgh arising from this sale.
14. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the City acquired title or as corrected up to date of deed. The deed will be recorded by the City upon payment in full of the purchase price, buyer's premium, and closing fees/costs. Possession of property is forbidden until the deed is recorded conveying title to the purchaser. **Title vests upon recording of deed.**
15. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City may have in the property. The City shall only convey that interest obtained by the City pursuant to the judgment rendered in an *in rem* tax foreclosure action filed in the Orange County Clerk's Office.

16. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh and provided to the City Corporation Counsel by the purchaser at least thirty (30) days in advance of closing title and approved by the City's Engineer.
17. Evictions, if necessary, are solely the responsibility of the purchaser after closing and recording of the deed.
18. By acknowledging and executing these Terms & Conditions, the purchaser certifies that he/she is not representing the former owner(s) of the property against whom City of Newburgh foreclosed and has no intent to defraud City of Newburgh of the unpaid taxes, assessment, penalties and charges which have been levied against the property. The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 24 months subsequent to the auction date. If such conveyance occurs, the purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price at auction and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.

Dear Community Leader.

As you may be aware, Central Hudson was recently granted Public Service Commission approval to offer municipalities the option to lease high efficiency Light Emitting Diode (LED) street lights. The new LED fixtures are Rate A, Central Hudson owned and maintained street lights and have an expected life of nearly twelve years, offering significant savings on maintenance and operating costs, while providing environmental benefits to municipalities and residents. Because LED streetlights use less electricity, these fixtures will save your municipality on annual street light costs. Please see below for an example of the savings associated with an LED streetlight versus a traditional Sodium Vapor streetlight. A full list of the rates are posted in the Service Classification No. 8 in our most recently approved tariff dated August 13th, 2015.

| Sodium Vapor Lights | Annual kWh | Annual Rate | VS | Equivalent LED | Annual kWh | Annual Rate | Rate Savings | Energy Savings |

POLICE TRAFFIC SERVICES (PTS) OVERVIEW NARRATIVE

PROJECT OVERVIEW -- The Federal Fiscal Year 2017 Police Traffic Services grant program will provide funding to law enforcement agencies to conduct traffic enforcement details based on the crash data of their local patrol area with the goal of impacting motorist behavior and improving traffic safety within their jurisdiction. Participation in the national Click it or Ticket seat belt enforcement mobilization is required, as is having a current mandatory seat belt use policy in place for police officers of the department. This objective is consistent with New York State's ongoing commitment to reduce motor vehicle crashes and their resulting injuries and deaths. All law enforcement agencies are encouraged to apply for this funding to supplement their existing traffic law enforcement efforts to reduce dangerous driving behaviors.

Police agencies are directed to correlate crash causing traffic violations or driver behaviors with specific times and locations in their jurisdictions so their officers may participate in details directly related to identified problems. The PTS grant program will fund enforcement for violations including speed, dangerous driving, aggressive driving, distracted driving, seat belt and child restraint violations and a number of other enforcement issues identified that will allow each participating agency to tailor its proposal to impact on its jurisdiction's specific traffic problems. Impaired driving dedicated details are NOT funded through the PTS grant program.

PROJECT SCOPE AND ACTIVITIES -- Due to New York State's geographic size, diverse demographics and disparity in the size of law enforcement agencies, a "one size fits all" approach may not be the most effective mechanism to impact the variety of issues confronting our traffic safety community. The PTS grant program promotes flexibility and encourages all participating agencies to design a project that targets their specific concerns and subsequently meets their traffic safety objectives. Program components should be carefully selected to address a defined local traffic safety problem. Applicant agencies must use traffic and crash data to define their problems and to plan their details. These could include year-long local initiatives, local inter-agency details, as well as specific enforcement details identified by the GTSC. Assistance on writing SMART objectives can be found at www.cdc.gov/healthyyouth/evaluation/pdf/brief3b.pdf. Assistance on enforcement strategies can be found in the NHTSA publication "Countermeasures That Work" (www.nhtsa.gov).

In addition to the enforcement activity identified in their project proposal, all agencies must participate in the 2017 Click It or Ticket seatbelt enforcement mobilization. No other enforcement activities will be funded during the two-week mobilization period --- May 22 - June 4, 2017.

All agencies that are funded through the PTS program are also expected to enforce seat belt and child restraint laws throughout the grant cycle.

Agencies must have a department seatbelt policy that requires mandatory seatbelt use by their officers (barring exigent circumstances) to qualify for this grant. Copies of a sample policy are available from the New York State Association of Chiefs of Police and the New York State Sheriff's Association. If your agency is a new applicant or was denied funding in FY2016, the mandatory seat belt use policy must be uploaded as part of this application in the attachments section.

Applications must be endorsed by the applicant's County Traffic Safety Board. The GTSC will not consider applications that have not been properly endorsed.

New in 2017: Block grants are no longer allowed. Each agency is responsible for applying for and managing its grant funding to conduct traffic enforcement.

GTSC funded PTS projects may include dangerous driving related enforcement activities in the following areas:

- speeding violation
- aggressive driving violations
- seat belt and child restraint violations and mandatory Click It or Ticket mobilization participation
- distracted driving violations
- No Empty Chair enforcement initiatives
- pedestrian safety violations
- motorcycle safety violations
- passing stopped school buses violations and Operation Safe Stop participation
- participation in other special enforcement campaigns identified by the GTSC.
- routine commercial vehicle traffic enforcement violations. (Only routine traffic violations such as speeding, following too closely, failure to yield right of way, unsafe lane change and other related infractions. Grant funds cannot be used for weight details, commercial vehicle inspection operations or any other activity relating solely to commercial vehicles or for impaired driving details.)

Agencies will develop their project's target enforcement areas in the application's PTS Project Proposal.

GENERAL GUIDELINES AND REQUIREMENTS -- Grant funding must be primarily used to support dedicated overtime police patrols targeting identified traffic violations that increase the frequency and severity of crashes in the jurisdiction. Applicants may request up to the maximum grant amount of \$46,000. There is no minimum request amount. Funding for this program coincides with the federal fiscal year, October 1 - September 30. Grant projects are funded for one year periods, based on the availability of federal funding and the performance of the grantee. A new application must be submitted

each year.

ALLOWABLE COSTS - This project is designed to reimburse participating agencies for personal services costs for dedicated traffic law enforcement activities and limited and justified project related equipment and travel to in-state GTSC related events. All budget requests must be properly documented and fully justified. The GTSC reserves the right to limit a maximum allowance for some equipment purchases. When preparing a budget, it is important to remember that federal guidelines permit the funding of some costs and specifically prohibits the funding of others. Please refer to the Highway Safety Program Guide for a list of allowable costs. If you have any questions on allowable and unallowable costs, consult the GTSC while preparing your application budget, and definitely before incurring the cost. Any equipment purchased under a GTSC grant must be obtained before July 31 so that it may be used during the project period.

REPORTING - Agencies are required to report all grant related activity. The semi-annual report is due on April 15, reporting for the first six months of the project. The enforcement mobilization report is due on June 18, 2017—two weeks after conclusion of the Click it or Ticket mobilization. The final report is due by October 15 reporting activity that occurred from April 1 to September 30. Information requested in these reports includes the number of funded hours expended, traffic law enforcement activity, UTTs, crash data for the period in question and a brief narrative explaining the project's progress and/or problems. This reporting is required regardless of the actual date of the contract or the type of activity undertaken during the period. **If an agency did not use grant funds during the reporting period, a report is still required. GTSC may request that agencies participate in additional enforcement activities or statewide mobilizations and will provide a format to report.**

REQUESTING REIMBURSEMENT - Payment requests are due quarterly. Further, all payment requests for reimbursement of project costs incurred must be submitted by October 31. The GTSC cannot reimburse late claims. While we do not intend that costs go un-reimbursed, grantees must claim costs promptly or be subject to non-reimbursement. NHTSA will not reimburse late claims. Equipment required to conduct the project activities as described in the approved grant budget must be ordered and received by July 31. For personal services reimbursement, we recommend the form, "Itemized Listing of Enforcement Hours" (PS-1), be submitted with the claim. Agencies must request reimbursement for actual individual officer pay rates. Detailed instructions for submitting payment requests may be found at: <http://www.safeny.ny.gov/HS-Forms/ClaimforPayment-InstructionGuide.pdf>

☐ I agree to the terms and conditions stated above.*

APPLICATION DEADLINE - Applications must be submitted to GTSC online through the GTSC's eGrants system. **New in 2017:** Applications are due by May 1. Any applications submitted after the due date will not be considered for grant funding.

Eligible applicants, for Category 1, are limited to public agencies of state governments, units of local government, and federally recognized Indian tribal governments that perform law enforcement functions (as determined by the Secretary of the Interior) (or government agencies acting as fiscal agents for one of the previously listed eligible applicants); and, for Category 2, national and regional public and private entities, including for-profit (commercial) and nonprofit organizations (including tribal nonprofit or for-profit organizations), faith-based and community organizations, and institutions of higher education (including tribal institutions of higher education) that support initiatives to improve the functioning of the criminal justice system. For-profit organizations must agree to forgo any profit or management fee.

To be eligible for funding in category 1, applicants must propose solutions that will be deployed to jurisdictions that are currently experiencing precipitous or extraordinary increases in crime, in accordance with 42 U.S.C. § 3756(b)(1) to assist them in addressing these increases.

BJA welcomes applications that involve two or more entities that will carry out the funded federal award activities; however, one eligible entity must be the applicant and the other(s) must be proposed as subrecipient(s). The applicant must be the entity with primary responsibility for administering the funding and managing the entire project. Only one application per lead applicant will be considered; however, a subrecipient may be part of multiple proposals. If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at \$150,000, the application

should address the considerations outlined in the Financial Guide. The approval of the application or award does not automatically approve the sole sources over the threshold.

BJA may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Subject: ShotSpotter - Precision Policing and Positive Outcomes

Importance: High

Greetings Chief Cameron,

I am looking forward to meeting you, and working with Amanda Wood and Deputy Commissioner Wood, to help identify funding resources for a ShotSpotter program in Newburgh.

I'm also writing you today to highlight the different methods cities are using to prevent and reduce gun violence in their most disadvantaged communities and offer you a truly transformative technological tool.

The police departments in Denver, Sacramento, New Haven, New York City, Miami, Omaha, Hartford, Boston, Wilmington, Camden, Washington DC, Kansas City, San Antonio, Minneapolis and many others have chosen to deploy ShotSpotter Flex gunfire detection/location service to help guide their response, investigative efforts and, importantly, their community engagement efforts.

As you may be aware, agencies are increasingly using NIBIN ballistic imaging technology to link disparate gun-crime scenes where expended shell casings have been recovered. This process works only when responding officers locate and collect the physical evidence, i.e. shell casings which can be problematic in many instances: adverse weather, darkness, difficult geography, multiple, related locations, etc.

ShotSpotter Flex greatly mitigates or eliminates these problems by providing responding officers with the precise location(s) where offenders are firing their weapons and leaving ballistic evidence. Lacking the very specific latitude/longitude of a gunman (that Flex provides) hampers comprehensive, efficient response and evidence recovery. Additionally, since it's well documented that citizens only call 9-1-1 about 20% of the time, the opportunity to catch a shooter in the act or locate evidence is immensely reduced unless ShotSpotter Flex is part of the police tool kit.

Police agencies using ShotSpotter Flex have the advantage of being able to contact citizens directly affected by gunfire: since Flex puts "cops on dots" exactly where gunfire occurs, agencies have the opportunity to contact neighborhood residents, offer assistance, solicit information and generally demonstrate that they actually understand and care about the difficulty experienced by these citizens dealing with gun violence. This process can and does give the police departments the chance to establish or reestablish credibility with struggling communities who may require significant reassurance.

The use of NIBIN technology to link shooting events has proven to be exceptionally useful in cities across the country. Paired with ShotSpotter Flex's precision, serial shooters may be apprehended far earlier in the cycle of violence which translates to fewer victims, and much better outcomes for communities.

It is gratifying to see ShotSpotter called out regularly in the press as a powerful tool but you can be sure that it is in no small part due to the success of innovative, technology led, neighborhood policing initiatives. That is always how technology really succeeds, good people using it effectively.

These are just a few recent examples of the kind of positive feedback loop we see at ShotSpotter, where improvements in reducing gunfire can be measured and verified, and publicized, leading to even more improvements.

Please let me know if you would like me to send along some documents to look over that specifically address best practices, what to expect and what your results are likely to be. I can also send the names and contact information from a few agencies for you to reach out to so you may get unvarnished information about what's working and what isn't from current implementers.

These objective opinions from others should bolster your confidence in the ShotSpotter Flex service and clarify the logic behind the possible changes to some of your current processes, that would successfully combine the ShotSpotter experience with comprehensive response, evidence collection, NIBIN submission and tracing recovered firearms. Our customers overwhelmingly tell us that the amount of evidence they collect has jumped dramatically when they added ShotSpotter Flex to the equation.

Please let me know if we can meet to discuss these ideas in depth as well...

Sincerely and Respectfully,

Jack

SCHEDULE C – Secretary of the US Department of Labor SCANS Criteria

THE SECRETARY’S COMMISSION ON ACHIEVING NECESSARY SKILL (SCANS)

What skills will prepare our youth to participate in the modern workplace? What skill levels do entry-level jobs require? In 1990, the Secretary of the Department of Labor, established the Secretary’s Commission on Achieving Necessary Skill (SCANS)

WHAT ARE WORKPLACE SKILLS?

To find meaningful work, youth need to master certain workplace skill, SCANS calls these essential “foundation skill” and “competencies”.

Workers use foundation skills-academic and behavioral characteristics-to build competencies on.

Foundation skills fall into three domains:

- **Basic Skill**-reading, writing, speaking, listening, and knowing arithmetic and mathematical concept;
- **Thinking Skills**-reasoning, making decisions, thinking creatively, solving problems, seeing things in the mind’s eye and knowing how to learn; and
- **Personal Qualities**-responsibility, self-esteem, sociability, self-management, integrity and honesty.

Competencies, however, more closely relate to what people actually do at work. The competencies the SCANS has identified fall into five domains:

- **Resources** - identifying, organizing, planning, and allocating time, money, materials, and workers

Great Urban Parks Campaign Grant Application

The purpose of this grant opportunity is to demonstrate the effectiveness of green infrastructure to positively affect environmental change in underserved low-income communities and communities of color, and thereby increase community engagement, connection to nature, and physical activity by community residents. The intention is to create replicable model projects that provide strategies and lessons learned for application by a wide range of communities.

This RFA will fund green infrastructure projects in parks that achieve each of the following key objectives:

1. Increased public access to recreational opportunities and access to nature via parks in underserved low-income communities and communities of color
2. Improved environmental quality and increased hazard mitigation by reducing flooding, improving the site's ability to hold and retain stormwater, improving water quality, improving wildlife habitat, and increasing biodiversity
3. A community engaged in improving environmental quality through green infrastructure solutions to stormwater management

It is anticipated that this RFA will fund grants between \$350,000 and \$575,000. The maximum grant amount that will be awarded to a single applicant is \$575,000. Matching funds are not required. However, it is expected that this grant will supplement substantial secured funding necessary to complete the proposed project. The grant check will be distributed in full upon execution of a grant agreement. Limited technical advisory will be provided by the National Recreation and Park Association, the American Planning Association, and the Low Impact Development Center, Inc. Grantees will be required to plan and conduct ongoing evaluation to assess and demonstrate social and environmental outcomes. Applications are due by midnight (EDT) Friday, April 29, 2016. Applicants will be notified whether or not they were selected for a grant by June 30, 2016.

** NRPA defines underserved communities as neighborhoods comprising a majority of individuals of color and/or living in poverty or near poverty.*

- Significant progress towards the program outcomes must be demonstrated and reported by October 2017. All major construction must be completed by this date.
