Any additional request made thereafter shall be made in writing and placed before the City Council for its consideration.
13. In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the purchaser shall be entitled only to a refund of the purchase money paid. Possession of property is forbidden until the deed is recorded conveying title to the purchaser. **Title vests upon conveyance of deed.**
16. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 24 months subsequent to the Closing Deadline date. Terms and Conditions Sale

185 Broadway, City of Newburgh (SBL: 36-1-2)

STANDARD TERMS:

1. City of Newburgh acquired title to this property in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water and sewer assessments are the responsibility of the purchaser, whether they are received or not; (d) easements, covenants, conditions and rights-of-way of record existing at the time of the levy of the tax, the non-payment of which resulted in the tax sale in which City of Newburgh acquired title; and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the date of sale.
4. The properties are sold subject to unpaid school taxes for the tax year of 2020-2021, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. The purchaser shall reimburse the City for any school taxes paid by the City for the tax year 2020-2021, and subsequent levies up to the date of the closing. Upon the closing, the properties shall become subject to taxation. Water and sewer charges and sanitation fees will be paid by the City to the date of closing.
5. **WARNING: FAILURE TO COMPLY WITH THE TERMS OF THIS PARAGRAPH MAY RESULT IN YOUR LOSS OF THE PROPERTY AFTER PURCHASE.** The deed will contain provisions stating that the purchaser is required to rehabilitate any building on the property and bring it into compliance with all State, County and Local standards for occupancy within (18) months of the date of the deed. Within such eighteen (18) month time period the purchaser must either: obtain a Certificate of Occupancy for all buildings on the property; make all buildings granted a Certificate of Occupancy before the date of purchase fit for the use stated in such Certificate of Occupancy; or demolish such buildings. The deed shall require the purchaser to schedule an inspection by City officials at or before the end of the eighteen (18) month period. If the purchaser has not complied with the deed provisions regarding rehabilitation of the property and obtained a Certificate of Occupancy or Certificate of Compliance by that time, then the title to the property shall revert to the City of Newburgh. The deed shall also provide that the property shall not be conveyed to any other person before a Certificate of Occupancy or Certificate of Compliance is issued. A written request made to the City Manager for an extension of the eighteen (18) month rehabilitation period shall be accompanied by a non-refundable fee of \$250.00 per parcel for which a request is submitted. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to rehabilitate of up to, but not to exceed, three (3) months. Any additional request thereafter shall be made in writing and placed before the City Council for their consideration.
6. The City makes no representation as to whether the property is vacant and/or unoccupied. Evictions, if necessary, are solely the responsibility of the purchaser after closing and recording of the deed. The parcel is being sold subject to the City's Vacant Property Ordinance (Chapter 121) and all provisions of law applicable thereto. Within 30 days of closing, the purchaser must register the property and pay any applicable fees or submit an acceptable rehabilitation plan to the Building Department.

Upon delivery of the quitclaim deed by the City of Newburgh to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
8. No personal property is included in the sale of any of the parcels owned by City of Newburgh, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the purchaser following the closing of sale.

9. The City makes no representation, express or implied, as to the condition of any property, warranty of title, or as to the suitability of any for any particular use or occupancy. Property also may contain other environmental hazards. Purchaser shall be responsible for ascertaining and investigating such conditions prior to bidding. If purchaser takes title as an entity, purchaser must provide an affidavit listing all of the members or shareholders of said entity, their addresses, their phone numbers, and their percentage ownership stake in the entity. Purchaser must have at least a fifty-one (51%) ownership stake in said entity in order for said entity to take title.

In no event, shall City of Newburgh be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, his heirs, successors or assigns, against City of Newburgh arising from this sale.

Possession of property is forbidden until the deed is recorded conveying title to the purchaser. **Title vests upon conveyance of deed.**
16. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City may have in the property. The City shall only convey that interest obtained by the City pursuant to the judgment rendered in an *in rem* tax foreclosure action filed in the Orange County Clerk's Office.
17. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh. 4. The properties are sold subject to unpaid school taxes for the tax year of **2020-2021**, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. The purchaser shall reimburse the City for any school taxes paid by the City for the tax year **2020-2021**, and subsequent levies up to the date of the closing. Upon the closing, the properties shall become subject to taxation. Water and sewer charges and sanitation fees will be paid by the City to the date of closing.

The deed shall require the purchaser to schedule an inspection by City officials at or before the end of the eighteen (18) month period. If the purchaser has not complied with the deed provisions regarding rehabilitation of the property and obtained a Certificate of Occupancy or Certificate of Compliance by that time, then the title to the property shall revert to the City of Newburgh. The deed shall also provide that the property shall not be conveyed to any other person before a Certificate of Occupancy or Certificate of Compliance is issued. A written request made to the City Manager for an extension of the eighteen (18) month rehabilitation period shall be accompanied by a non-refundable fee of \$250.00 per parcel for which a request is submitted. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to rehabilitate of up to, but not to exceed, three (3) months. Purchaser must have at least a fifty-one (51%) ownership stake in said entity in order for said entity to take title.
11. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to close title of up to, but not to exceed, sixty (60) additional days from the Closing Deadline. No request shall be entertained unless in writing, stating the reasons therefor, and unless accompanied by a fee of \$250.00 per parcel for which a request is submitted. The fee shall be in addition to all other fees and deposits and shall not be credited against the purchase price and shall not be returnable. Any additional request made thereafter shall be made in writing and placed before the City Council for its consideration.
12. In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the purchaser shall be entitled only to a refund of the purchase money paid. 15. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City may have in

the property. The City shall only convey that interest obtained by the City pursuant to the judgment rendered in an *in rem* tax foreclosure action filed in the Orange County Clerk's Office.

16. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh. Any survey description shall be provided to the City Corporation Counsel by the purchaser at least thirty (30) days in advance of closing title and approved by the City's Engineer.
17. By acknowledging and executing these Terms & Conditions, the purchaser certifies that he/she is not representing the former owner(s) of the property against whom City of Newburgh foreclosed and has no intent to defraud City of Newburgh of the unpaid taxes, assessment, penalties and charges which have been levied against the property. The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 24 months subsequent to the Closing Deadline date. If such conveyance occurs, purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price at auction and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.
18. In the event that Seller engaged the services of a New York State Licensed Real Estate Broker in connection with this sale, Seller shall pay said Broker any commission earned pursuant to a separate agreement between Seller and Broker.
19. The property is sold subject to an owner-occupancy restriction. The purchaser has agreed to purchase the property subject to the five (5) year owner occupancy restriction shall, within 18 months of the delivery of the deed, establish his domicile and principal residence at said premises and maintain his domicile and principal residence at said premises for a period of at least five (5) years thereafter, provided that within said five (5) year period, the purchaser may convey said premises to another who shall also maintain their domicile and principal residence at said premises for said period. This shall be set forth as a restrictive covenant in the deed, subject upon its breach, to a right of re-entry in favor of the City of Newburgh. Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Project :

Date :

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “**Yes**” to a numbered question, please complete all the questions that follow in that section.
- If you answer “**No**” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Build-Out Analysis

In order to assess the full environmental impacts of an update to zoning, a build-out analysis was performed to anticipate the future water and sewer capacity needs of the City of Newburgh.

A build-out is an exercise that imagines that every piece of land is rebuilt to its fullest density allowed by zoning. Therefore, if all current structures were rebuilt to their highest density, and all open or vacant land that is not protected by some sort of restriction (parks or preserved open space) were built to their highest density, Newburgh would have a certain number of dwelling units and square feet of commercial and industrial space. These figures would have an effect on the capacity of services such as schools and libraries, and on water and sewer infrastructure. Newburgh is a built-out city with limited vacant and undeveloped land. It is assumed that the majority of the structures that are currently constructed will remain, even with changes in zoning, so an additional build-out was done to analyze only the effects on those parcels that are vacant, undeveloped, or underdeveloped.

Assumptions

The build-out was performed assuming that every parcel would be built to the highest density allowed by its zone. The following table summarizes those assumptions. Each parcel was then analyzed to determine if it met the minimum lot size allowed for each respective zone, and calculated whether it would either have residential dwelling units, or commercial/industrial square footage. For the four form-based, mixed use zones, a ratio of residential-to-commercial space was assumed, and both a dwelling unit count and commercial square footage count was calculated.

Build-Out Assumptions							
Zone	Minimum Lot Size (Sq.Ft)	Maximum Lot Coverage	Maximum Building Height (Ft)	Maximum Dwelling Units	Dwelling Units per Sq Ft Land	Dwelling Units per Sq Ft Buildings	Percent Residential
Broadway Corridor	1500	0.75	65			750	0.6
Commercial District		0.6	45				
Conservation Development District							
Downtown Neighborhood	1500	0.8	35			1000	0.8
High Density Residential	2000	0.55	45	500 sq ft bldg/ DU		500	
High Density Residential, Apartment Building	2500	0.55	60	500 sf lot/DU	500		
Industrial District		0.7	35				
Institutional							
Low Density Residential	2500	0.3	40	3			
Medium Density Residential	2500	0.3	40	3			
Medium Density Residential, Apartment Building	9000	0.5	45	1800 sf lot /DU	1800		
Open Space	0			0			
Park	0			0			
Planned Waterfront District	1500	0.75	50			1000	0.8
Residential Single Family	2500	0.3	40	1			
Utility							
Waterfront Gateway	1500	0.8	95			1000	0.5

The proposed zoning also has updates to environmental constraints. These areas have limits on building and were reduced from the overall buildable area. For most of these areas, the zoning calls for a 50% reduction in their allowable buildable area. However, within the Water Protection Overlay (WPO) area, there is no new construction permitted, so the entirety of that area was reduced from the buildable area of each parcel. The environmental constraints considered in this build out analysis are Wetlands, classified bodies of water as shown in FEMA 500 and 100 year flood zones, WPO buffer, and slopes greater than 20%.

Full Build-Out

The Full Build-Out assumes that every parcel in the City that is not currently a Park, Institution, Utility Right-of-Way (ROW), or Protected Open Space, will be rebuilt to its maximum allowable density, accounting for the respective reduction due to environmental constraints. This Full Build-Out scenario is considered highly unlikely, and is not reflected in current or historic building patterns, or in current or historic population growth. Under those conditions, the following Full Build-Out statistics are as follows:

37,621,423	Total Square Feet Commercial and Industrial space
146,962	Total Dwelling Units, resulting in
454,113	Total Population

Amended Build-Out

The Amended Build-Out assumes that all parcels currently built on would remain, and that only those parcels that are Vacant, Parking Lots, Urban Renewal properties, or Storage Yards would be redeveloped to their maximum allowable density, accounting for the reduction for environmental constraints. This scenario is considered more likely and more reflective of historic density and population growth. However, it is still unlikely that this scenario would be fully realized in the next 20 years. Under these conditions, the Amended Build-Out statistics are as follows:

11,527,793	Additional Square Feet Commercial and Industrial space
8,526	Additional Dwelling Units, resulting in
25,749	Additional Residents

Outcomes

The ability of the City of Newburgh to support the future demands under either a full or amended build-out has capacity issues relating to all City services, but especially to its wastewater and drinking water infrastructure. New development under these new zoning conditions must ultimately be done in conjunction with careful monitoring of all city services to ensure that adequate services can be provided to all City residents. Understanding the discreet capacity constraints for water and sewer services, calculations were prepared to see if the City has the capacity to meet development under each build-out scenario. The City has the following capacity of its wastewater and drinking water services:

Wastewater Treatment: 9 million gallons per day total capacity; with 3.8 million reserved for Town of Newburgh

Drinking Water Filtration: 4.7 million gallons per day current production; potential for 8.85 million gallons per day of treatment capacity with scheduled upgrades. (Note: The 2012 Safe Yield Study limits reservoir daily yield to 6.2 million gallons per day during drought periods, or 8.5 million gallons per day during non-drought periods)

The residential build-out would result in the following water and wastewater daily uses, given the assumptions that:

- There will continue to be 3.09 people per household, as per the 2010 US Census.
- Each residential bedroom will result in 120 gallons of water use per day.
- Each person will result in 110 gallons of wastewater per day.

Residential Water and Wastewater Usage						
	Existing Dwelling Units*	New Dwelling Units	Total Dwelling Units	Total Potential Residents/Beds	Water Gallons Per Day, Res	Wastewater Gallons Per Day, Res
Full Build-Out	0	146,962	146,962	454,113	54,493,510	49,952,384
Amended Build-Out	10,505	8,526	19,031	58,806	7,056,695	6,468,637
*Full Build-Out Scenario assumes there is no existing dwelling units or commercial square footage, and that all is new.						

The commercial/industrial build-out would result in the following water and wastewater daily uses, given the assumptions that:

- Water will be used at a rate of 25 gallons per day per 200 feet of commercial space.
- General use/ warehouse use will generate 15 gallons of wastewater per worker or 200 square feet of space.
- Restaurants will generate 35 gallons of wastewater per seat, or 25 square feet of space.
- Restaurants will continue to account for 4% of City commercial square footage.

Commercial/ Industrial Water and Wastewater Usage						
	Existing Commercial/ Industrial Sq Ft*	New Commercial/ Industrial Sq Ft	Total Commercial/ Industrial Sq Ft	Water Gallons Per Day	Wastewater Gallons Per Day, Warehouse	Wastewater Gallons Per Day, Restaurant
Full Build-Out	0	37,621,423	37,621,423	4,702,678	2,708,742	2,106,800
Amended Build-Out	5,362,477	11,527,793	16,890,270	2,111,284	1,216,099	945,855
*Full Build-Out Scenario assumes there is no existing dwelling units or commercial square footage, and that all is new.						

Under these scenarios, the system would be well over capacity under the full build-out and would need to plan for upgrades to both sewer and water systems. The systems have close to the potential capacity to accommodate all future users of the amended build-out. However, this capacity would rely on planned upgrades and a potential reduction in the amount of allotted capacity granted to neighboring communities in future inter-municipal agreements. A change to this allotted capacity is not expected to be probable, and therefore increased sewer and water capacity would be required under the amended build-out condition to meet full future capacity needs.

Water and Wastewater, Capacity v. Need (gallons per day)				
	Existing Capacity*	Potential Capacity*	Full Build-Out Need	Amended Build-Out Need
Wastewater	5,200,000	9,000,000	54,767,926	8,630,591
Drinking Water	4,500,000	8,500,000	59,196,187	9,167,979
*Without planned upgrades and with reductions for capacity allotted for neighboring communities.

§ 300-23 Interpretation of district boundaries.

Where uncertainty exists with respect to the boundaries of any of the zoning districts, the following rules apply:

- A. Where district boundaries are indicated as approximately following or parallel to the center lines of streets or highways, or the boundaries of streets, highways, or rights-of-way, the district boundary shall be construed as following or being parallel to said center or boundary lines.
- B. Where a land use district boundary divides a lot line in a single ownership existing at the effective date of this chapter, the City Planning Board may grant a special use permit to allow the uses authorized and the district requirement of the less restricted portion of such lot to extend up to a maximum of 50 feet into the more restricted portion of the lot. This provision shall not apply to overlay districts.
- C. Where district boundaries are so indicated that they approximately follow lot lines in effect at the time of the effective date of this chapter, the district boundary shall be construed as following said lot line.
- D. Where the boundary of a district follows shorelines, streams, creeks and waterbodies, said boundary shall be deemed to follow such shorelines and, in the event of change in the shoreline, shall be deemed as moving with the actual shoreline.
- E. Where the boundary of a district follows shorelines, creeks, streams, lakes, or other bodies of water, said boundary line shall be deemed to be at the limit of the jurisdiction of the City, state or federal agency, unless otherwise indicated.
- F. Within the Water Protection Overlay District, where the overlay district is based upon natural features, such boundaries may be more precisely established through field investigation by a qualified professional.

§ 300-24 Higher standards to prevail.

In their interpretation and application, the provisions of this chapter shall be held to be the minimum requirements. Whenever the requirements of this chapter are at variance with the

requirements of any other lawfully adopted rules, regulations, or ordinances, the most restrictive, or that imposing the highest standards, shall govern.

§ 300-25 through § 300-30. (Reserved)

**Article V
Land Use District Regulations**

§ 300-31 Allowable uses; accessory and mixed uses; change of use.

- A. Purpose. The use regulations in this article are intended to allow flexibility of land use to encourage business development that is consistent with the character and scale of the City of Newburgh. In reviewing applications for special use permits and site plan approval, the City Planning Board shall impose any conditions that may be necessary to ensure that a proposed use will be compatible with its surroundings. The City Planning Board shall deny any proposed use which does not satisfy the criteria in this chapter.
- B. Use restrictions and Schedule of Use Regulations. No structure or land shall be used except as provided in the Schedule of Use Regulations. In the event that a particular proposed use does not fit into one of the categories shown on the Schedule of Use Regulations, it shall be considered to be prohibited.

Schedule of Use Regulations Key

- P Designates a use permitted by right. Usually requires a building permit and a certificate of occupancy from the Building Inspector, but does not require review by any municipal board.
- P* Designates a use permitted by right subject to site plan review by the City Planning Board (Article XI)
- S Designates a use permitted by special use permit of the City Planning Board (Article XII)
- A Designates a use that is permitted as a use accessory to a use permitted by right, with site plan approval, or with a special use permit.

Schedule of Use Regulations [See Table]

- C. Prohibited uses. Any use, whether or not listed in the Schedule of Use Regulations, is prohibited if it does not satisfy the standards and criteria in §§ 300-31 and 300-129.
- D. Accessory uses. Uses customarily incidental and subordinate to principal uses shown on the Schedule of Use Regulations shall be allowed on the same terms as the principal uses, whether or not on the same lot, unless otherwise indicated on the Schedule of Use Regulations. Noncommercial recreational use shall be permitted as an accessory use in all districts.

- E. Mixed use. The City of Newburgh encourages the mixing of uses where such mixing does not create land use conflicts. Accordingly, all special use permit and/or site plan reviews for the same project shall be consolidated into one proceeding before the City Planning Board for site plan approval.
- F. Change of use or structure. ~~A change of use is the initiation of a use that is in a different use category, as listed on the Schedule of Use Regulations, from the existing use of the site or structure. A change of ownership, tenancy, or occupancy, or a change from one use to another within the same category shall not be considered a change of use, unless the change would result in the expansion of any existing use or any change of use of a property or structure, enlargement or addition of a sign or an increase of more than 20% in vehicle trip generation as indicated in current trip generation rates contained in the publications Trip Generation or Trip Generation Handbook published by the Institute of Transportation Engineers (ITE).~~ A change of use is a change in the purpose or level of activity within a building that implicates a change in application of the requirements of the New York State Uniform Fire Prevention and Building Code or the requirements of this Chapter. The following exceptions shall not be considered a change of use: (i) a change of ownership, tenancy, or named occupant(s) of a property or building; (ii) a decrease in the number of units within a building provided the proposed purpose remains the same as the purpose allowed on a valid Certificate of Occupancy; (iii) an increase in the intensity of a one, two, three, or four-family structure by no more than a 20 percent increase in square footage and a 20 percent increase in the number of units proposed.
- (1) Uses by right (P). Any change of use of land or existing structures to a use permitted by right without site plan review (P on the Schedule of Use Regulations) shall not require approval from the City Planning Board or the Building Inspector. This shall not affect applicable requirements for obtaining building permits for construction or expansion of a structure from the Building Inspector under Chapters 121, 122, 125, and 126 of the Code of the City of Newburgh.
- (2) Uses by right subject to site plan review (P*). Except for one- and two-family dwellings on a single lot, any change of the use of an existing structure to a use permitted by right subject to site plan review shall require site plan review only if it involves:
- (a) The development or redevelopment of any property or structure, including but not limited to vacant property, for a new use.
- (b) Any use requiring a special use permit, subject to any exceptions contained in Articles XII and XIII of this chapter.
- (c) The expansion of any existing use or any change of use of a property or structure, where the City Planning Board has determined that the alteration will substantially intensify the use or substantially modify the site with respect to the generation of traffic, pedestrian movement, parking needs, noise, glare, exposure to hazard from fire or flood, utilization of water supply, sanitary sewer, drainage or other utility system and may have a substantial impact upon the character or environment of the surrounding area. This includes an increase in density in residential areas.

(3) Uses by special use permit ("S" on the Schedule of Use Regulations).

- (a) A special use permit shall be required for any change of use from a use that does not require a special use permit, or a use permitted in the zone, to a use that does require a special use permit.
- (b) Once a special use permit has been granted, it shall run with the land and apply to the approved use and to all subsequent owners, tenants and occupants engaged in the same use. The special use permit shall also apply to any subsequent use of the property in the same use category, provided that such use has no greater impact on adjoining properties, complies with all terms and conditions of the special use permit, and does not involve new construction, enlargement, exterior alteration of existing structures, increased parking, or other changed use of outdoor areas. Any change to another use allowed by special use permit shall require the granting of a new special use permit or a special use permit amendment.

G. Rebuilding, replacement, expansion of structures. The rebuilding/replacement on the same footprint of any structure for a use which requires site plan review (P*) or a special use permit (S) shall require site plan review, even if it is a continuation of the same use.

H. Special site design considerations.

- (1) In the Conservation Development District (CDD). The purpose of the CDD is to encourage conservation of environmental resources in exchange for flexibility in building and area requirements and the potential for granting more intensive development if conservation goals stated in § 300-33 are achieved. A minimum of 50% of net land shall be preserved by a permanent conservation easement or deed restriction as open space. Buildings shall have a maximum height of four stories or 50 feet and a maximum length of 200 feet. Additional regulations for the CDD are in § 300-33.
- (2) Buildings shall be placed in front of their parking lots to screen the parking from the road. This requirement shall not apply if the entire site is screened from the road by natural vegetation and/or natural topography. The City Planning Board may modify or waive this requirement where unusual lot configurations, such as corner lots or through lots, make compliance with this requirement impractical or impossible or where the predominant character of surrounding development is such as compliance with this requirement would serve no useful purpose, provided that the applicant minimizes the visual impacts of such parking areas.

§ 300-32 Density and dimensional regulations.

A. Applicability. The density and dimensional regulations in this section apply to the traditional zoning districts, as defined in § 300-21. The density and dimensional regulations for the form-based districts, as defined in § 300-21, are regulated in Article XV of this chapter.

- B. Purpose. The restrictions and controls in this section regulate development as set forth in the Schedule of Bulk, Area, and Parking Regulations, which are supplemented by the other sections of this chapter. This chapter shall not interfere with or abrogate or annul any easement, covenant or other agreement between parties; provided, however, that when this chapter imposes a greater restriction on the use of buildings or land or on the height of buildings or requires larger open spaces or imposes any higher standards than are imposed or required by any other statute, law, ordinance, rule or regulation, or by any easement, covenant or agreement, the provisions of this chapter shall control. Where the requirements of this chapter differ from the requirements of another statute, law, ordinance, rule or regulation, the more restrictive shall govern.
- C. Exempt uses. The provisions of this article shall not apply in any of the following instances:
- (1) Public parks, playgrounds or similar recreational areas owned or operated by a governmental authority with permission of the Building Inspector.
 - (2) Firehouses, police stations, or other public safety uses owned or operated by the City of Newburgh, Orange County, or by any governmental authority, with permission of the Building Inspector.
 - (3) Other municipal buildings, uses, or utility services operated by the City of Newburgh with permission of the Building Inspector.
- D. Additional dimensional requirements.
- (1) Corner lots. A yard equal to the required front yard shall be provided with respect to any lot line that abuts a street. The other yards shall be deemed to be side yards.
 - (2) Through lots. The Building Inspector shall designate a front and rear yard in keeping with the predominant development pattern of the area and/or to promote consistency with the goals of the Comprehensive and Land Use Plans.
 - (3) With respect to one-, two-, three-, and four-family houses, no more than one principal building and its accessory structures and uses may be located on one lot.
- E. Subdivision of a lot. Where a lot is subdivided from an existing lot already occupied by a building or structure, both the existing lot and the newly subdivided lot shall conform to the requirements of this chapter with respect to existing building(s) and all yards and other required spaces in connection therewith.
- F. Required street frontage. No building permit shall be issued nor shall any site plan be approved for the construction of any new building or structure unless the lot upon which the use is to be established or such structure is to be built has frontage of at least 20 feet on a dedicated public street or on a street or highway which has been suitably improved to City road standards or a bond posted therefor and unless the actual access to such use or such structure will be over such frontage.

- G. Multiple residential buildings on one lot. A lot may contain more than one principal apartment house, provided that the lot conforms to the applicable density requirements of the underlying zoning district. Such lot may not later be subdivided unless the subdivided lots conform to the dimensional regulations in effect when the subdivision is proposed.
- H. Projections into required yards.
- (1) Every part of a required yard shall be open from its lowest point to the sky unobstructed, except for the ordinary projection of sills, belt courses, pilasters, leaders, chimneys, cornices, eaves and ornamental features, provided that no such projection may extend more than four feet into any required yard.
 - (2) Bays, including their cornices and eaves, may extend not more than four feet into any required yard, provided that the sum of such projections on any wall shall not exceed 1/3 the length of such wall.
 - (3) An open fire balcony or fire escape may extend not more than four feet into any required yard.
 - (4) Steps and stairs may extend not more than four feet into the required side or rear setback area.
 - (5) Awnings or movable canopies may extend not more than four feet into the required side or rear setback area.
- I. Height exceptions. The height limitations in the Dimensional Table shall not apply to any flagpole, radio or television receiving antenna, spire or cupola, chimney, elevator or stair bulkhead, parapet or railing, water tank, or any similar nonhabitable structure, provided that such structure is firmly attached to the roof or side of a building and covers no more than 10% of the roof area.
- J. Setbacks for accessory structures and uses.
- (1) Any accessory structure attached to a principal building and any detached garage, tennis court, or swimming pool shall comply with the minimum setback requirements of this chapter applicable to the principal building. Other detached accessory structures or uses may encroach into required setback areas, provided that they:
 - (a) Are not used for human habitation;
 - (b) Have a footprint no larger than 200 square feet;
 - (c) Do not exceed 16 feet in height;
 - (d) Do not occupy more than 10% of the rear setback area;

~~Strikethrough~~ denotes deletions

- (e) Are set back at least 10 feet from side lot lines;
 - (f) Are not located closer to the street than the front yard setback required for a principal building, except for fences, gates, mailboxes, signs, with less than 100 square feet of footprint, as well as ornamental structures, such as entry pillars and statues; and
 - (g) Are not used for housing animals.
- (2) For corner lots, the setback from all streets shall be the same for accessory structures as for principal buildings.
- (3) For watercourse setbacks see § 300-46.
- K. Setbacks involving irregular buildings and lot lines. Where structures or lot lines are irregular or unusual in configuration, all points on the structure shall satisfy the minimum setback requirements from that point on the lot line which is the shortest distance from the structure.
- L. Fences (including hedges). The setback requirements of this chapter shall not apply to any fences less than four feet high in any front, side, or rear yard, except where corner clearances are required for traffic safety.

Schedule of Bulk Regulations [See Table]

§ 300-33 Conservation Development District.

- A. Purpose and intent. The purpose of the Conservation Development District (CDD) is to encourage conservation of environmental resources in exchange for flexibility in bulk and area requirements and the potential for granting more intensive development if conservation goals stated herein are achieved. The primary goals of the CDD are to:
- (1) Preserve open space.
 - (2) Preserve or enhance environmentally sensitive features.
 - (3) Protect steep slopes by preserving vegetative cover to minimize the impacts of erosion and sedimentation.
 - (4) Provide opportunities for on-site stormwater management and groundwater recharge.
 - (5) Protect and enhance scenic views.
 - (6) Encourage flexibility in the design of residential land uses that may not be permitted under traditional zoning regulations.
 - (7) Promote a range of housing types.

Underline denotes additions

~~Strikethrough~~ denotes deletions

(8) Create on-site recreation opportunities.

(9) Promote integration with neighboring land uses through trails and waterfront access points.

B. Allowable uses. Any uses permitted by right in the Residential R-1, R-Low, R-Med and R-High Districts.

C. Definitions. For the purposes of this section, "environmental resource areas" are areas of slopes over 20%, delineated wetlands, streams, lakes, and their adjacent one-hundred-foot buffers, one-hundred- and five-hundred-year floodplains and floodways, areas within the WPO, ridgelines, scenic viewsheds, ecologically sensitive areas and other environmentally sensitive features determined by the City Planning Board.

D. Standards.

(1) Multiple parcels allowed. Contiguous parcels under common ownership may be considered as one site under this section.

(2) Applications for site plan approval must be in keeping with, and further the goals stated in, the purpose and intent of this section.

(3) Dimensional standards. The density and dimensional standards in § 300-32 and all other density and dimensional regulations in this chapter, other than those contained in this section and the parking and loading requirements in Article IX, shall not apply and are superseded by this subsection. Dimensional and density standards shall be approved by the City Planning Board based on physical characteristics of the site, the character of the proposed development, relevant performance standards in this chapter, and the requirements of the SEQRA process.

(a) The number of dwelling units allowed in a CDD shall be equal to the gross area of the CDD site less the environmental resource areas; the remaining number divided by 3,000 square feet.

(b) Applicants in the CDD may be eligible for a density bonus of up to 20%, at the discretion of the City Planning Board, based on the plan's furtherance of the purposes of this article.

(c) Buildings shall have a maximum length of 200 feet.

(d) Buildings shall have a maximum height of four stories or 50 feet. However, the City Planning Board may adjust the maximum allowable height in order to maintain compatibility with surrounding land uses or to protect important views or to protect, preserve, and enhance the environmental features of the site.

Underline denotes additions

~~Strikethrough~~ denotes deletions

- (e) Maximum impervious coverage shall be 15% of the total gross land area, including preserved open space areas.
- (4) A minimum of 50% of the land area of the parcel shall be preserved by a permanent conservation easement or deed restriction as open space. Open space land preserved under this subsection may include ponds and streams, wetlands and wetland buffers, steep slopes, ridgelines, scenic viewshed areas, and recreational areas, such as trails. It shall not include land that is covered by impervious surface other than trails or paths.
- (5) Each CDD site must include passive recreation on the site, such as walking trails.
- (6) The development area shall be treated as a unit. Regardless of the form of ownership of the property or its division into separate parcels, the open space, and other dimensional requirements in this section shall apply to the entire area zoned CDD and not to any individual parcels or lots which are portions thereof.
- (7) Off-street parking must be provided on the CDD site in accordance with requirements stated in Article IX. Parking areas must be screened from environmental resource areas and adjacent residentially zoned parcels, except where doing so would not further the goals of this section (i.e., parking areas of two adjacent CDD sites may abut each other without screening).
- (8) Adequate internal circulation must be provided, including adequate access for emergency vehicles.
- E. Application procedure. For any application within the Conservation Development District, the applicant shall prepare a conservation analysis of the land (as described in § 300-33D) to be submitted with the site plan application. The site plan application in a CDD shall also contain such other information as the City Planning Board deems necessary to determine whether or not the plan complies with the requirements of this subsection. The site plan application package shall also include a management plan for the future of the proposed development as a unified entity.
- F. The City Planning Board shall refer applications for site plan approval under this section to the Conservation Advisory Council (CAC). The CAC has 30 days from the referral to provide its comments on the application.

Article X

Nonconforming Uses and Structures

§ 300-76 Continuation of nonconforming uses and structures.

- A. Any structure or use which was legal when built or commenced and which was in existence on the effective date of this chapter, or amendment of this chapter, which becomes nonconforming as a result of such enactment or amendment of this chapter, may be continued as a legal nonconforming use.

Underline denotes additions

~~Strikethrough~~ denotes deletions

- B. Nothing herein contained shall require any change in plans, construction or designated use of a building for which a building permit has been heretofore issued and the construction of which shall have been diligently prosecuted within three months of the date of such permit and the ground story framework of which, including the second tier of beams, shall have been completed within six months of the date of the permit and which entire building shall be completed according to such plans as filed within one year from the effective date of this chapter.

§ 300-77 Discontinuance and reestablishment.

- A. Discontinuance. Whenever a nonconforming use has been discontinued for a period of 18 months, such use shall not thereafter be reestablished except as provided in § 300-78A, and any future use shall be in conformity with the provisions of this chapter.
- B. Once changed to a conforming use, no building or land shall be permitted to revert to a nonconforming use.
- C. Reestablishment. The City Planning Board may issue a special use permit for the reestablishment of the use after the eighteen-month period has expired if the applicant has been prevented from continuing the use during the one-year period due to strikes, acts of God, disability, or other similar hardship beyond the applicant's control.

§ 300-78 Change of nonconforming uses.

- A. A nonconforming use of a structure or parcel of land may, upon special use permit by the City Planning Board, be changed to another nonconforming use which is of the same or lesser impact, except that no use prohibited by Article V shall be permitted under any circumstances. No structure in which a nonconforming use has been changed to a use of lesser impact shall again be devoted to a nonconforming use with greater impact. In determining whether a use is of greater or lesser impact, the City Planning Board shall consider the impact criteria listed in § 300-104. No nonconforming use shall be extended or expanded to displace a conforming use.
- B. Any nonconforming use of any open space on a lot outside a structure or of a lot not occupied by a structure shall not be extended.
- C. Any conforming principal use of a nonconforming structure may be extended throughout the existing structure.
- D. A nonconforming structure shall not be moved to any other location on the lot or any other lot unless every portion of such structure, the use, and the lot shall be deemed conforming.

§ 300-79 Restoration, expansion and repair.

A nonconforming use or structure shall not be extended, enlarged, or structurally altered except as provided below.

- A. Any nonconforming use or structure determined to be unsafe may be restored to a safe condition, provided that such work on any nonconforming structure shall not place it in greater nonconformity.
- B. A building used for residential purposes that is a nonconforming structure or use may be rebuilt in the event of its total or partial destruction by fire or other causes in accordance with the provisions provided below. Such rebuilding shall require site plan approval by the City Planning Board.
 - (1) The area occupied by the foundation of the building must occupy the same or lesser amount of the area occupied by the damaged building.
 - (2) The rebuilt structure may not exceed the original height of the total or partially destroyed structure.
 - (3) The total square footage of the repaired or rebuilt building must be the same as or less than the damaged or destroyed building.
- C. "Building used for residential purpose" as used herein, shall mean a building which at the time of the damage by fire or other causes was used solely for residential purposes or, if the building was vacant, that it is designed solely for residential purposes.

§ 300-80 District changes.

Whenever the boundaries of a district shall be changed so as to transfer an area from one district to another district of a different classification, the foregoing provisions shall also apply to any nonconforming uses existing therein.

§ 300-81 Special permit uses.

Any preexisting legal use which is allowable by special use permit under this chapter, but which has not been issued a special use permit, shall be considered a permitted use. The expansion of such a use shall require site plan approval unless such expansion has been permitted by a prior site plan approval.

§ 300-82 Construction started prior to effective date.

Any structure, for which construction was begun prior to the effective date of this chapter, or of any amendment thereto, may be completed and used in accordance with the approved plans and specification for such structure. Any structure for which construction has not begun pursuant to approved plans shall be subject to the provisions of this chapter and any amendments thereto, even

if all preconstruction approvals have been granted. For purposes of this section, "beginning construction" shall mean excavation and the pouring of footings or the installation of any other means of permanently attaching a structure to the ground.

§ 300-83 Existing nonconforming lots.

A. Any lot of record created prior to the effective date of this chapter which does not comply with the area, density, or dimensional requirements of this chapter shall be deemed to comply with such requirements, ~~and no.~~ No variance shall be required for its development or for any addition to or other alteration of a structure, provided that the ~~following conditions are satisfied~~ lot area is no less than 1,500 square feet.

~~(1) The following minimum area and dimensions are maintained, unless smaller dimensions are permitted in the district:~~

~~(a) Lot area: 2,000 square feet.~~

~~(b) Side setback: 15% of lot width but not less than five feet per side.~~

~~(c) Rear setback: 15% of lot depth but not less than 10 feet.~~

~~(2) All Health Department regulations are satisfied.~~

B. A nonconforming lot may be subdivided only if the subdivision plat shows that every subdivided portion of such lot will be merged with adjoining properties to ~~increase the area of~~ eliminate such properties, thereby ~~eliminating~~ eliminate the nonconforming lot.

C. Notwithstanding the foregoing ~~provisions~~, any undeveloped lot in a subdivision which was not properly approved by the City Planning Board or City Council or not filed in the office of the County Clerk and whose area or dimensions do not comply with the requirements of this chapter shall be considered a violation of this chapter and shall not be protected under Subsection A ~~of this section.~~
